# Picture Postage Stamp System

Kodak

Welcome to  
Kodak Picture  
Postage.

Now you can turn your favorite pictures into postage stamps. They work just like the stamps you've always used to mail letters, post cards and packages, but now you get to choose what picture is on the stamp.

Create stamps for special occasions like weddings, or birth announcements or make your own special holiday stamps.

Create your own stamps and collect picture postage stamps made by friends and family. It's easy to do. Just select the right arrow button below to begin.

Kodak

Easy To Do!  
Here's How It  
Works.

**Now you can make picture postage using your own pictures or pictures from our collection of beautiful images.**

In just a few minutes you can design your own picture postage stamps. Just follow these 3 easy steps:

1) Select the type of stamps you want to make:

- "My Own Stamps": postage stamps made from your own personal pictures that you upload to this site.
- "My Favorite Stamps": postage stamps made from pictures from our extensive collection of pre-approved images created by Kodak and your postal service.
- "My Caring Stamps": postage stamps sponsored by charitable organizations. A portion of the revenues from the sale of these stamps help support that organization.

2) Choose a picture you want to and adjust it as you wish: crop, add pre-approved text, choose vertical or horizontal format.

3) Tell us your address and payment information and then submit your order.

Note: If you've chosen pictures from our collection of My Favorite Stamps, your order will automatically be approved. If you've chosen a personal picture for My Own Stamps, that picture will need to meet certain guidelines before we can make it into a stamp. We will notify you by e-mail of the status of your order.
